Asheville, NC DJ and Producer

Bass | Tech House | Open Format Energy

10k+ on NORF FLIP

Opened for SoDown

Pluto Events Co-Founder

Bio

Just Nieman is an Asheville-based DJ and producer moving between bass and tech house. He has been active in the local scene since 2017 and is also a co-founder of Pluto Events, a crew bringing underground sounds to new spaces around Asheville.

Nieman played his first set at a Halloween house party in 2017, repeated it the following year, and doubled down on music in 2021 as a way to rebuild and rediscover himself. That chapter led to regular gigs at Asheville Beauty Academy from late 2021 through 2022.

In 2023, he launched Pluto Events with friends to push the local underground forward. The project is rooted in self-discovery, connection, and turning nightlife into something more than escape. Releases like "Lives," "My Music," and "It's Not That Deep" reflect that ethos across multiple electronic styles.
